

Jin Woo Chang, M.D.,Ph.D.

Professor, Dept. of Neurosurgery
Korea Univ. Anam Hospital, Korea

Dr. Chang specializes in stereotactic & functional neurosurgery and his main interest is the neuromodulation of the central nervous system with new innovative techniques (electrical stimulation, focused ultrasound and etc).

Since 1993, Dr. Chang has published more than 270 academic papers in SCI(E) journals around the world.

He has been selected as the co-author of prominent neurosurgery textbooks more than 8 times, and he has authored countless domestic papers and textbooks.

Currently Dr. Chang serves as a section editor of World Neurosurgery which is an official journal of World Federation of Neurological Surgeons (WFNS). He is also a member of the editorial board for the official journal of World Society for Stereotactic & Functional Neurosurgery (WSSFN) as well as the official journal of the International Neuromodulation Society (INS).

In addition to his various editorial duties, Dr. Chang served as the president of many academic societies such as Korean Society for Stereotactic & Functional Neurosurgery (KSSFN, 2014), Korean Society for Therapeutic Ultrasound (KSTU, 2014-2018), Korean Neurosurgical Society (KNS, 2016-2018), International Society for Reconstructive Neurosurgery (ISRN, 2005-2009), Asian Australasian Society for Stereotactic & Functional Neurosurgery (AASSFN, 2011-2013) and World Society for Stereotactic & Functional Neurosurgery (WSSFN., 2019-2022).

And he is currently serving as the 1st president of Asian Pacific Society for Transcranial Focused Ultrasound Surgery (2023 -)

And he is working at Korea University Anam hospital from March of 2024.
